

# IMPORTANT HEALTH PLAN NOTICE

## Anthem and Mount Sinai Network Update

Anthem Blue Cross and Blue Shield has advised that its contract with Mount Sinai ended on December 31, 2025. This agreement established the rates Mount Sinai charged Anthem members. Because a new agreement was not reached, network participation has changed as outlined below.

### Here's What's Happening

- **Mount Sinai physicians** are no longer in-network for all Anthem plans, effective **January 1, 2026**.
- **For Anthem employer-sponsored, individual, and Medicaid plans**, in-network coverage at Mount Sinai hospitals, outpatient centers, and other facilities continues through **March 1, 2026**, as required by New York State law (60-day continuity period).

*Services received after the applicable out-of-network date may result in higher out-of-pocket costs. Some members may qualify for temporary continuity-of-care coverage for ongoing treatment, subject to Anthem's rules.*
