### Important Information about the Women’s Health and Cancer Rights Act of 1998

The Women’s Health and Cancer Rights Act of 1998 (the “Act”) provides that any group health plan or health insurance that provides surgical benefits with respect to a mastectomy must also provide coverage for reconstructive surgery following the mastectomy. Specifically, if you are receiving benefits in connection with a mastectomy, the Welfare Fund must also provide coverage for:

- Reconstruction of the breast on which the mastectomy was performed,
- Surgery and reconstruction of the other breast to produce symmetrical appearance, and
- Prostheses and physical complications at all stages of mastectomy, including lymphedemas.

This coverage is subject to all of the Welfare Fund’s rules regarding benefits, including the Welfare Fund’s annual deductible, co-pays or coinsurance and plan maximums.

The Welfare Fund already provides coverage for the items listed above and did so prior to the enactment of the Act and will continue to provide such coverage. Nonetheless, federal law requires us to notify you of this coverage.
