Helper Schedule - Spring 2019

SST-10

This course will provide the necessary 10-hour training needed to supplement an OSHA 30 card in order to get an SST card from the NYC Department of Buildings.

The SST-10 is a 10-hour combined course. It is comprised of an 8-hour “Fall Prevention” class and a 2-hour “Drug and Alcohol Awareness” class. This course runs for 3 evenings.

You must attend all 3 evenings to receive credit.

Completion certificates will be issued. **SAVE YOUR COMPLETION CERTIFICATES!**

In order to later receive a full SST card, the NYC Department of Buildings will require you to submit the following:

- A) A valid OSHA 30 card (meeting all requirements of the SST program).
- B) An “8-hour Fall Prevention” completion certificate.
- C) A “2-hour Drug and Alcohol Awareness” completion certificate.

Classes start the week of March 25, 2019, 5:00-9:30PM

Call to schedule.

16-HOUR LIMITED GAS QUALIFICATION

This course is a requirement for an individual's qualification to perform **limited** gas work in New York City on and after January 1, 2020. This course is for individuals who **cannot yet** meet the requirements for a **FULL GAS WORK QUALIFICATION**.

By completing this training program & submitting a certificate of completion to the Licensing Unit for 16 hours of training, this **5-week course** satisfies the requirement to demonstrate basic competence with gas work.

NYC LOCAL LAW 150-2016: Limited gas work qualification is for an individual performing such work under the personal and immediate supervision of a person who holds a (FULL) gas work qualification.

The limited gas work qualification shall expire five years after issuance and may not be renewed.

Classes start the week of March 25, 2019 5-9:30PM

Call to schedule

INTRODUCTION TO COMPUTERS

This **9-week** course will provide an overview of computer technology, theory and concepts. This course focuses on the Microsoft Windows 10 operating system and will include the use of Microsoft Office applications (Word, Excel, etc.). Other covered concepts include hardware function, the Adobe Reader (PDF) application, online cloud storage service, Google web applications, and safe online practices.

Class starts on Tuesday, March 26, 2019 5:00-9:30PM
