

It is now possible to renew your Medical Gas Installer Certification online by completing a **required** online refresher course and an online exam.

**To begin:** register for and complete the online refresher course –

**NFPA 99, Medical Gas Systems (2018): Online Training Preparation for ASSE Series 6000 Recertification**

To register for and take the course click on this link

[https://catalog.nfpa.org/NFPA-99-Medical-Gas-Systems-2018-Online-Training-Preparation-for-ASSE-Series-6000-Recertification-P18094.aspx?order\\_src=C247](https://catalog.nfpa.org/NFPA-99-Medical-Gas-Systems-2018-Online-Training-Preparation-for-ASSE-Series-6000-Recertification-P18094.aspx?order_src=C247)

Upon completion, NFPA will issue a **Certificate of Completion**.

After completion of the NFPA online refresher course you will be required to fill out the attached NITC registration form and read the guidelines for testing with Examity:

[NITC Registration pdf](#)

To test with **Examity**, you must complete the registration form and submit that form along with payment and proof of completion of the required course.

On the registration form you must clearly write on the form or indicate in your email to NITC that you will - **“take the exam via Examity”** and not at a PSI center.

**The completed registration form, NITC payment and NFPA Certificate of Completion must be submitted to:** [medgascerts@nationalitc.com](mailto:medgascerts@nationalitc.com)

Read the attached the requirements to test with Examity.

After successfully passing the exam, NITC will receive the results from **Examity** the following business day and update your certification.

It is recommended that you have a copy of NFPA 99 before taking the refresher course.

The **NFPA 99: Health Care Facilities Code** may be purchased at:
